

CANNABIS ROUND TABLE AND TRAINING EVENT

**MAY
9-13**

LOCATION: GAYLORD MARRIOTT, DENVER, CO

DAY 1: TABLE DISCUSSION WITH PANELISTS (FREE AND OPEN TO THE PUBLIC)

ANAB and other industry leaders are hosting a round table discussion for those in the cannabis industry or have interest in the field. Interested attendees may include laboratories, growers, consultants and dispensaries. Topic will cover Proficiency Testing, CRMs, We have designed a platform for structured discussion topics with plenty of room for questions from the room.

PANELISTS

CDPHE – Colorado Dept. of Public Health and Environment

Heather Krug, Marijuana Lab Sciences: Regulatory updates surrounding the cannabis industry and future trajectory

Purity IQ Inc. and ANAB – Accreditation Under ISO/IEC 17065 for Product Certification

Paul Valder, Chief Technical Officer, and Reinaldo Figueiredo, VP Conformity Assessment Strategies (How the Cannabis Authenticity & Purity Standard 1.1 (CAPS) uniquely combines ISO/IEC 17065 with ISO/IEC 17025 for product certification)

ANSI National Accreditation Board (ANAB)

Turan Avyaz, ANAB's Cannabis Certificate Accreditation Program (C-CAP): ANAB's C-CAP program is first of its kind based on ASTM D 8403 *Standard Program for Certificate Programs in Cannabis*

Jason Stine, Senior Director: Discussing how public/private partnerships can occur to preserve safe consumer access to marijuana.

DAY 2: CANNABIS PROGRAM UPDATES AND TRAINING FOR ANAB ASSESSORS (FREE AND OPEN TO PUBLIC)

Learn what the assessors who perform assessments to ISO/IEC 17025 for cannabis laboratories are learning! We will be training our accreditation assessors for cannabis program specific requirement updates and discussing ISO/IEC 17065 and its interconnectivity with the Cannabis Authenticity and Purity Standard 1.1 program for certification.

DAYS 3, 4, & 5: PUBLIC TRAINING ON ISO/IEC 17025 FOR TESTING/CALIBRATION LABORATORIES (\$950 FOR THE COURSE)

This is our Internal Auditor training course which is a 2.5 day course and will end at 12 PM on Friday. We will cover the ISO 17025 requirements and its application. This course is valuable for everyone in the company.
